General Application Milestone Codes

Application Approved	F = Complete for Filing	P = Permit Decision Date
Application Denied	H = Public Hearing Date	R = Complete for Review
Application Withdrawal	I = Additional Information Requested	T = Additional Information Received
A= Approved	IS = Issued	W= Withdrawn
C = Cancelled	L = Legal Appeal of Permit Decision	
D= Denied	M = Permit Modification	

Specific Decision Application Codes

O = Other

REG = HMDC/Pinlands Exemption

Permit Descriptions

CAFRA - A Coastal Area Facility Act permit is required to construct residential, commercial, public, transportation, utility and energy-related facilities in the coastal area as defined by the Act.

Federal Consistency Activity: Certain federal permits, not limited to the U.S. Army Corps of Engineers Dredge and Fill Permits, require certification by the DEP prior to the issuance of the permit by the federal agency.

Flood Hazard Area: A Flood Hazard permit or verification is required for disturbances within the floodway or floodplain in areas regulated under the Flood Hazard Area Control Act.

Freshwater Wetlands: A Permit (Letters of Exemption, Letters of Interpretation, Statewide General Permit, Open Water Fill, Individual, Transition Area Waiver, Water Quality Certificate) is needed prior to engaging in a regulated activity in or around freshwater wetlands and associated transition areas. A Flood Hazard Area Permit, an U.S. Army Corps of Engineers Dredge and Fill Permit, and a Water Quality Certification may also be required.

General Groundwater Petroleum Products Cleanup: This general permit authorizes the surface water discharge of treated groundwater previously contaminated with petroleum products.

NJPDES permits: A permit is required for the discharge of pollutants to surface and groundwater, a discharge from an indirect user or the land application of municipal and/or industrial residuals. (A more comprehensive definition of activities, which require a permit, may be found at N.J.A.C. 7:14A-2.4)

Solid Waste Facility: A permit is required to conduct or operate any solid waste facility as defined under the Solid Waste Management Act, N.J.S.A. 13:1E-1 et seq., and N.J.A.C. 7:26-1 et seq.

Special Highlands Resource: A Highland Preservation Area Approval is required for regulated activities within the Highland Preservation Area as defined in the Highlands Water Protection & Planning Act Preservation Area Rules.

Tidal Wetlands: A Coastal Wetlands Permit is needed to excavate, dredge, fill or erect structures on coastal wetlands.

Treatment Works Approval: A TWA permit is required for the construction, modification or operation of a treatment works, including sanitary/industrial sewage pretreatment or treatment systems, sewage conveyance systems, sewer extensions and subsurface sewage disposal systems.

Waterfront Development: A permit is required for any project involving the development of waterfront near or upon any tidal or navigable waterway in the State.

Coastal Wetlands: A permit authorizing disturbances to Mapped Tidal Wetlands under the Wetlands Act of 1970, N.J.S.A. 13:9A”

General Information

The DEP Bulletin is an information service provided by the New Jersey Department of Environmental Protection. In compliance with the Rules and Regulations Governing 90 Day Construction Permits (NJAC 7:1C-1.1 et seq.) this semi-monthly publication contains a list of construction permit applications recently filed or acted upon by the DEP. Using the Application Milestone Codes located on the inside front cover, interested persons can determine the status of Coastal Area Facility Review Act (CAFRA) permits, Federal Consistency Activity permits, Freshwater Wetlands Individual and Statewide General permits, General Groundwater Petroleum Products Cleanup permits, Open Water Fill permits, Solid Waste Facility permits (SWF), Flood Hazard Area (FHA) permits, Tidal Wetlands permits, Waterfront Development permits and Treatment Works Approvals (TWA).

In addition, a calendar of Events of Interest and a Schedule of Public Hearings is provided. The public hearings listed do not, however, constitute an official notice. Environmental Impact Statements acted upon during the period are also shown. Additional information concerning the permit applications can be obtained by calling the project manager at the appropriate office listed on the inside back cover.

Public Hearings are held for the purpose of obtaining input and reaction to a proposed rule, regulation, or new program. Some hearings may be mandated by law. Generally their scope of impact is statewide or of broad general interest and open to the public.

Contested Case Hearings are held between the State and a particular party involving an application, enforcement violation or an appeal. Interest in these hearings is generally limited to those directly involved.

DEP Events of Public Interest include public hearings, council meetings, workshops, public information meetings, and exams.

Appeals on Applications

Any individual who would like to appeal a decision on an application should direct their remarks to:

Office of Legal Affairs

NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
EVENTS OF PUBLIC INTEREST

DATE: **January 20, 2012**

TIME: **9:30 a.m.**

PLACE: **Landscape Irrigation Contractors Examination Board**
 Notice of Public Meeting
 401 E. State Street, 4th Floor Conference Room, Trenton, NJ

NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
BUREAU OF COASTAL AND LAND USE COMPLIANCE AND ENFORCEMENT
NOTICE OF INTENT TO SETTLE A FRESHWATER WETLANDS VIOLATION

PLEASE TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION intends to settle an enforcement action pertaining to the below site and responsible party for violations of the Freshwater Wetlands Protection Act pursuant to N.J.S.A. 13:9B-21.j.

IN THE MATTER OF: LAWRENCE ANTONUCCI
 Enforcement File # 1803-01-1001.2
 Block 21 and Lot 11
 Bernardsville Boro, Somerset County

Comments regarding this settlement or requests for a copy of the settlement should be sent to: Dwayne Snead, NJDEP Bureau of Coastal and Land Use Compliance and Enforcement, Mail Code 401-04C, PO Box 420, Trenton, New Jersey 08625 or via email at Dwayne.Snead@dep.state.nj.us. Comments must be received by NJDEP within 30 days of this publication to be considered.

NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
NOTICE OF INTENT TO SETTLE
FRESHWATER WETLANDS LETTER OF INTERPRETATION

TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION intends to enter into a Settlement Agreement that resolves the dispute of the resource value of the freshwater wetlands on the subject property. The Department will be issuing a Transition Area Waiver that allows the applicant to reduce the transition area in order to construct two single family dwellings on the property in accordance with the Freshwater Wetlands Protection Act Rules (N.J.A.C. 7:7A-1 et seq.). An equal amount of transition area will be provided in another location on the property. The freshwater wetlands resource value will remain exceptional with a standard buffer width of 150 feet. The project site is designated Block 37, Lots 41 and 42, Township of Bass River, Burlington County. The applicant is Christopher Mathis.

IN THE MATTER OF: Christopher Mathish
 File No.: 0301-07-0005.1 (FWW070001)
 Block: 37 Lots: 41 & 42
 Bass River Township, Burlington County

Comments regarding this settlement or requests for a copy of the project plan should be sent to: Wetlands Region Section Chief, Division of Land Use Regulation, NJ DEP, Mail Code 501-02A, P.O. Box 420, Trenton, NJ 08625, or the office may be reached by telephone: (609) 633-2289. Comments must be received by NJ DEP within 30 days of this publication.

NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
NOTICE OF INTENT TO ISSUE
CAFRA
Hardship Exception (SWRPA)

TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION inadvertently published a Notice on page 6 of the December 21, 2011 DEP Bulletin, which was identical to the notice published in August 18, 2010 DEP Bulletin regarding this application. That notice in the December 21, 2011 DEP Bulletin was published in error and should be disregarded.

TAKE FURTHER NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION, subject to notice and comments, intends to issue a CAFRA permit with a hardship exception for a Special Water Resources Protection Area ("SWRPA") for the Railroad Avenue Connector Road between Lacey Road and U.S. Route 9 in Lacey Township, Ocean County, New Jersey. This notice is provided in addition to prior notice provided on August 18, 2010 regarding a Stipulation of Settlement for the proposed issuance of the required permits from the Division of Land Use Regulation to authorize the project, which are still under consideration by the Department.

IN THE MATTER OF: Township of Lacey
CAFRA File No. 1512-08-0020.1 CAF080001
Freshwater Wetlands File No. 1512-08-0020.1 FWW 080001
Flood Hazard Area Hardship Exception File No. 1512-08-0020.1
FHA 080001
OAL Docket No. ELUCA 10995-2009S

The proposed project involves development of a new public road through the Special Water Resource Protection Area ("SWRPA") of a Category 1 Water, specifically the Cedar Creek and an upstream tributary/ditch in the same HUC-14 watershed of Cedar Creek. A SWRPA exists because Cedar Creek and the tributary ditch appear on the USGS map as lined features and because the proposed project is classified as a major development pursuant to N.J.A.C. 7:8-1.2. N.J.A.C. 7:8-5.1(a).

N.J.A.C. 7:8-5.5(h)(1)(i) establishes a 300 foot SWRPA buffer around the Cedar Creek and the tributary ditch. Encroachment in the outer 150 feet requires that the applicant demonstrate that the functional value and overall condition of the SWRPA will be maintained to the maximum extent practicable. Further, encroachment in the outer 150 feet is not permitted where it is previously undisturbed/undeveloped; encroachment in the inner 150 feet of the SWRPA is generally prohibited. N.J.A.C. 7:8-5.5(h)(1)(ii). The Technical Manual for Stormwater Resource Protection Area (revised January 24, 2008) issued with Commissioner Lisa Jackson's Administrative Order No. 2008-02 provides that the Department may (1) make an allowance for encroachment into undisturbed portions of the outer 150 feet where there is no feasible and prudent alternative to the proposed project, including not pursuing the project, which would avoid or substantially reduce the anticipated adverse effects of the project, and if it meets the criteria for a hardship exception under the Flood Hazard Area Control Act Rules (See N.J.A.C. 7:13-9.8) and (2) make an allowance for encroachment in inner 150 feet for a linear development that has no feasible alternative route for which the Department makes the findings required to grant a hardship waiver under the Flood Hazard Area Control Act Rules (N.J.A.C. 7:13-9.8).

The Department proposes to grant a hardship waiver for encroachment in the undisturbed outer 150 feet of the SWRPA (Cedar Creek and tributary/ditch) and the inner 150 feet of the SWRPA (tributary/ditch only) under N.J.A.C. 7:13-9.8 for this project based on upon information and materials previously submitted to the Department pursuant to N.J.A.C. 7:13-9.8(c). The Department reviewed materials describing the project's potential impacts upon the environment and materials describing the existing development in the area and any potential impacts of the proposed project on that development. This hardship waiver does not pertain to: access requirements, potential impacts from or to flooding, and is not based on economic grounds. N.J.A.C. 7:13-9.8(c)(2), (3), (4).

The project will disturb 14,777 square feet within the SWRPA (9766 square feet in the inner 150 feet surrounding the tributary/ditch, 3876 square feet in the outer 150 feet surrounding the tributary/ ditch, and 1135 square feet of overlapping area of the outer 150 feet of the Cedar Creek and the inner 150 feet of the tributary/ditch). Much of the SWRPA area surrounding the tributary/ditch and Cedar Creek in this area is previously disturbed. The area surrounding the tributary/ditch contains paved parking lots associated with commercial buildings and single-family homes. The project is proposed to increase public safety by diverting congested traffic in a densely developed area away from Route 9.

There is no feasible and prudent alternative to the proposed project and there is no feasible and prudent alternative route to the proposed project. Further, granting of the hardship waiver would not compromise the reasonable requirements of public health, safety and welfare, or the environment. N.J.A.C. 7:13-9.8(a)(1).

The New Jersey Department of Transportation (NJDOT) has advised the Department that the project will improve traffic on the local roadway network. NJDOT concludes that there is a need for a “more robust system” of local roadways within this region to allow for the local trips to exist on roadways designed with that specific traveler in mind. The Department has determined that the project promotes public health, safety and welfare by providing a safe alternative for local travel trips and that there is no feasible and prudent alternative to the proposed project, which was designed to further the public purpose of reducing congestion.

The project is within an existing cleared right-of-way surrounded by residential and commercial development. The existing developments and vegetation, which parallel the proposed roadway, preclude alternative alignments. Therefore, the Department has determined that there is no practicable alternative alignment for the proposed project. See discussion in “Wetlands and Wetlands Buffers” (N.J.A.C. 7:7E 3.27 and 7:7E-3.28) and “Rule on Location of Linear Development” (N.J.A.C. 7:7E-6.1) in the Summary Report.

Prohibiting development in the inner 150 feet of the SWRPA for this project would result in an exceptional and undue hardship on the applicant. N.J.A.C. 7:13-9.8(b)(1). Given the previously disturbed nature of much of the SWRPA area, the existing development around the SWRPA, the public purpose of the project, the satisfaction of water quality requirements under the Stormwater Rules, prohibiting such development would be an exceptional and undue hardship on the applicant.

This hardship would not adversely affect the use of any contiguous or nearby properties. N.J.A.C. 7:13-9.8(b)(2). Existing development will not be impacted because the project will meet the water quality standards of the Stormwater Rules and will not cause flooding.

The proposed project will not pose a threat to the environment, or public health, safety and welfare. N.J.A.C. 7:13-9.8(b)(3). Due to the existing conditions and project design, the project will not have an adverse impact of the functions provided by the SWRPA associated with the tributary/ditch to Cedar Creek and to the Cedar Creek; the functional value and overall condition of the SWRPA will be maintained to the maximum extent practicable. The tributary flows through an area that is significantly altered by human disturbance in the form of single family homes, lawns and human activities. Therefore the existing functional value of the riparian buffer, including temperature moderation, and pollution reduction, is significantly diminished. The project does not include any stormwater outfalls or point discharges within the SWRPA to the tributary. Instead all stormwater will sheet flow off of the road and will infiltrate or otherwise will be filtered prior to reaching the tributary to Cedar Creek or Cedar Creek. Therefore, the project will not have an impact on the pollution reduction functional value of the SWRPA. In addition, because stormwater will sheet flow off of the proposed road instead of being directly discharged, temperature and channel integrity will be moderated by the infiltration and interception of the stormwater as it sheet flows overland. Therefore, allowing the stormwater to sheet flow overland will mitigate any adverse impacts to the tributary to Cedar Creek associated with stormwater runoff. The Department has not identified the presence of suitable habitat for any threatened, endangered or unique species within any portion of the project limits.

In addition, the Department has already reviewed the impacts associated with flood storage displacement and stormwater quality, quantity and recharge. Stormwater quality standards will be met. The hydraulics analysis associated with the construction of the culvert shows that there would be no additional flooding impact on adjacent properties. Further, the project is proposed for a public purpose to support public health, safety, and welfare.

The hardship was not created by any action or inaction of the applicant or its agents. N.J.A.C. 7:13-9.8(b)(4). The applicant seeks to resolve a local traffic problem. The proposed project is the only prudent and feasible alignment to resolve the problem. Thus, the hardship was not created by the applicant.

Thus, the applicant has satisfied the criteria under N.J.A.C. 7:13-9.8(a)(1) and (b) and the Department proposes to issue a hardship exception for encroachment into the SWRPA for this project.

Written comments regarding this proposed hardship exception may be sent to Charles Welch Supervisor, Land Use Regulation Program, P.O. Box 439, Trenton, New Jersey 08625, or by telephone at (609) 777-0454, and must be received by the NJDEP within 30 days of the date of this publication notice.

**NEW JERSEY DEPARTMENT OF ENVIRONMENTAL PROTECTION
NOTICE OF SETTLEMENT
WATERFRONT DEVELOPMENT PERMIT**

TAKE NOTICE THAT THE DEPARTMENT OF ENVIRONMENTAL PROTECTION has issued a Waterfront Development Permit that authorizes the construction of a 16' x 3' ramp, extending from the previously authorized fixed pier, to a "U-shaped" floating mooring area consisting of a 12' x 5' section, a 19' x 4.5' section, and a 12.5' x 5' section, with three (3) jet ski dock mooring areas, each measuring 8' x 4.5'. The work is authorized under the Rules on Coastal Zone Management (N.J.A.C. 7:7E-1.1 et seq.), and the Coastal Permit Program Rules (N.J.A.C. 7:7-1.1 et seq.). The applicant has submitted revised plans which are in compliance with the Rules on Coastal Zone Management. The proposed project site is located at 3119 Bayshore Avenue in the City of Brigantine, Atlantic County. The applicants are James and Karen Watts. This settlement satisfies the appeal of File #0103-02-0007.1, WFD070001.

IN THE MATTER OF:

James and Karen Watts

PUBLIC NOTICE

Notice is hereby given that the New Jersey Department of Environmental Protection (Department), Site Remediation and Waste Management, proposes to issue the following New Jersey Pollutant Discharge Elimination System permit actions in accordance with N.J.S.A. 58:10A-1 et seq. and N.J.A.C. 7:14A-1 et seq.

The permit action prepared by the Department is based on the administrative record which is on file at the offices of the Department, Site Remediation Program, located at 401 East State Street in the City of Trenton, Mercer County, New Jersey. It is available for inspection, by appointment, Monday through Friday, between 8:30 A.M. and 4:00 P.M. Appointment for inspection may be requested through the Open Public Records Act. Details are online at www.nj.gov/dep/opra, or call (609) 341-3121. Appointments for inspection of the NJPDES file only or requests for a copy of the draft document (at a nominal charge) may be made by calling Central File at (609) 292-0400.

Comments on the draft document or a request that the Department holds a non-adversarial public hearing must be submitted in writing to the person specified below and shall be postmarked within 30 days of the date of this public notice. All persons, including the applicant, who believe that any condition set forth in this document is inappropriate, must raise all reasonable issues and submit all arguments and factual materials supporting their position by the close of the public comment period. Any request for a hearing shall state the nature of the issues to be raised. A public hearing will be conducted whenever the Department determines that there is a significant degree of public interest in the permit decision. If a public hearing is held, the public comment period shall automatically be extended to the close of the public hearing.

The Department will consider and respond to all significant and timely comments. The applicant and each person who has submitted written comments will receive notice of Department's final decision.

Written comments should be submitted to:

Wayne Howitz
Operations Element
PO Box 028
Trenton, NJ 08625

PUBLIC NOTICE

Notice is hereby given that the New Jersey Department of Environmental Protection (NJDEP) proposes to issue the following New Jersey Pollutant Discharge Elimination System (NJPDES) permit actions in accordance with N.J.A.C. 7:14A-1 et seq. and by authority of N.J.S.A. 58:10A-1 et seq. The description of each proposed permit action is contained in the accompanying table.

This public notice has been prepared for these facilities as part of the administrative record to be filed at NJDEP, 401 East State Street, Trenton. Copies of the draft document are obtainable, for a nominal charge, and the administrative record is available for inspection by appointment only, Monday through Friday, by contacting the NJDEP file room at (609) 292-0400. Additional information regarding the draft document may be obtained from the contact person listed in the accompanying table.

Comments on the draft document or a request that NJDEP hold a non-adversarial public hearing on the document must be submitted, in writing, to the individual specified below (refer to the accompanying table for the appropriate permitting bureau) during the public comment period, which closes either:

1. 30 calendar days after publication of the last newspaper notice when a notice is published in the DEP Bulletin *and* a newspaper(s); or
2. 30 calendar days after publication of the DEP Bulletin notice when a notice is published in the DEP Bulletin *only*.

All persons, including permittees who believe that any condition of NJDEP's tentative decision to issue these permit actions is inappropriate must raise all reasonable issues of concern and submit all arguments and factual materials supporting their position during the public comment period. Any request for a public hearing shall state the nature of the proposed issues to be raised in the hearing. A public hearing will be conducted if NJDEP determines there is a significant degree of public interest. If a public hearing is held, the public comment period is automatically extended through the close of the hearing.

NJDEP will consider and respond to all significant and timely submitted comments. The permittee and each person who submitted written comments, will receive notice of NJDEP's final decision to issue, revoke or redraft the document.

Written comments should be submitted to the appropriate permitting bureau:

Notice of Public Comment Period Regarding Requests for Highlands Applicability and Water Quality Management Plan Consistency Determinations

Notice is hereby given that the New Jersey Department of Environmental Protection (NJDEP), Division of Land Use Planning, has received the following Highlands Applicability and Water Quality Management Plan Consistency Determination application(s) requesting the issuance of determinations in accordance with N.J.S.A. 13:20-1 et seq. Each application is described in the accompanying table.

All applications, prior to submittal for public notice, have been deemed administratively complete in accordance with N.J.A.C. 7:38-11.2(c)3 and the following agencies/persons have been notified by the applicant in accordance with the requirements under N.J.A.C. 7:38-9.2(b).

- i. The Municipal Clerk
- ii. The Highlands Council
- iii. The Municipal Environmental Commission (if one exists);
- iv. The Municipal Planning Board
- v. The Municipal Construction Official
- vi. The County Planning Board; and
- vii. The County Environmental Commission (if one exists)

Applications will be reviewed to determine whether the project proposal qualifies for the selected exemption and whether it is consistent with the applicable Water Quality Management Plan. Be advised, however, that the proposal will also be reviewed to determine whether it qualifies for an exemption other than the one specifically applied for.

The public notice has been prepared for these applications as part of the administrative record to be filed at NJDEP, 401 East State Street, Trenton. An appointment to review the file pertinent to the listed proposals may be requested through the Open Public Records Act. Details are online at www.nj.gov/dep/opra, or call (609) 341-3121.

The public comment period on these applications begins on the date of publication of this notice and will close thirty (30) calendar days later. Any interested person may raise all reasonable issues of concern and submit all arguments and factual materials supporting their position during the public comment period.

NJDEP will consider all timely submitted comments. The applicant and each person who submitted written comments will receive notice of NJDEP's final determination.

Written comments should be submitted to:
